## LEGISLATURE IN SESSION.

### SENATORS DON'T LIKE PROPOSED GREAT SEAL.

Two Bills Passed in the Senate this  
Morning—Proceedings in the  
Lower House.

TWENTY-EIGHTH DAY, MARCH 25.

HOUSE OF REPRESENTATIVES: YES-  
TERDAY AFTERNOON'S SESSION.

The House resumed considera-  
tion of the appropriation bill for  
current expenses at the afternoon  
session of yesterday.

The items of \$31,000 pay of  
police on Maui, and \$140,000 pay  
of police on Oahu passed after  
some questioning and explanations  
thereon by the Attorney General.

On motion of Rep. Rycroft the  
Finance department items were re-  
considered so as to insert the fol-  
lowing item:

"Expense auditing accounts  
bureaus and departments, \$1500;  
the result of said audits to be pub-  
lished in the newspapers."

Minister Damon and Rep.  
Rycroft argued in favor of the  
item and Rep. Hanuana against it.

The Attorney-General moved to  
amend by adding after the word  
"published," "with the consent of  
the Executive Council."

When the item of \$396,400 for  
support of English and Hawaiian  
schools came up, as recommended  
by the Committee on Education,  
Minister Damon moved to make  
it \$372,000 as in the bill and ar-  
gued in favor of the motion.

A general discussion on schools,  
schoolhouse, teachers, janitors  
and the Board of Education then  
ensued, in which Reps. Kamaucha,  
Bond, Rycroft, Cluney and Wins-  
ton took part.

The item finally passed at \$384-  
000, being \$12,000 more than in  
the original bill.

In the items for the Land Com-  
mission the appropriation for the  
pay of a second clerk was stricken  
out.

The items for draughtsman for  
superintendent of Public Works  
and cost of removing garbage  
brought up a discussion on the  
ability of the present superinten-  
dent and the advisability of con-  
tinuing to remove garbage free of  
charge.

Speaker Naone announced the  
following committees:

Relating to the Deputy Sheriff  
of Puna—Reps. Rycroft, Kamau-  
cha and Richards.

To consider petition presented  
by the Portuguese—Reps. Haia,  
Bond, Kaeo, Winston and Ry-  
croft.

Adjourned.

THIRTIETH DAY, MARCH 26.

### THE SENATE.

After the usual preliminaries  
Minister King announced that the  
President had signed the bill au-  
thorizing the Minister of Interior  
to grant a certain class of leases.  
Minister King asked for further  
time to answer the questions put  
by Senator Holstein yesterday.

Minister Cooper presented the  
petition of the United Portuguese  
Society. Referred to a special  
committee of five to be announced  
hereafter.

Senator Lyman introduced a  
petition signed by 275 persons  
protesting against the opium li-  
cense bill.

Senator Northrup from the  
committee on Great Seals presented  
the following report, which was  
ordered printed:

Your Miscellaneous Committee  
to which was referred the Joint  
Resolution concerning the Great  
Seal of Hawaii, have carefully  
considered every item of the resolu-  
tion, and beg leave to report as  
follows:

We would respectfully recom-  
mend that the Senate do not con-  
cur in the action of the House on  
the resolution, and we submit the  
following particulars in which,  
according to the ideas of the mem-  
bers of the Committee and of

others consulted, improvements  
can be made.

Arms.—We would respectfully  
suggest that in the heraldic shield,  
the bars in the upper left hand  
corner be replaced by the Ha-  
waiian Jack. The eight inhabited  
islands of the group would still be  
represented by the bars in the  
right hand lower corner, and we  
should also have in addition a  
representation of the Hawaiian  
flag. The surcharged star would  
have additional significance by so  
doing.

The Tabu Sticks as shown in  
the Exhibit would hardly be recog-  
nized by a Hawaiian, as neither  
the staff nor the ball are sugges-  
tively drawn. They are cor-  
rectly shown in the Great Seal of  
the Monarchy, and, if represented  
at all, should be significant by  
being correct.

Supporters.—The figure of Ka-  
meameha I. should convey the  
idea of a monarch or one  
in authority. If this idea  
is to be conveyed, there would be  
necessitated the removal of the  
band from over the shoulder and  
the alteration of the fisherman's  
malo, as shown in the Exhibit,  
to the royal malo, by lengthening it  
to the knees.

Crest and Motto.—We would  
suggest that the rays of the rising  
sun should be as in Exhibit A  
rather than as shown in the origi-  
nal Exhibit, and that the different  
letters of the legend be all in the  
same style. For instance, in the  
word Hawaii there are two differ-  
ent styles of the letter A, and in  
the word Republic, the letter U  
is different from the U in the word  
Us.

Further Accessories.—We would  
lastly suggest that a drawing of  
the ever familiar and suggestive  
land mark, our own grand old  
Diamond Head, be given the posi-  
tion at the bottom of the shield in  
place of the fabulous Phoenix.  
This will make the Seal a charac-  
teristic one, which your Commit-  
tee think is desirable.

Your Committee would earnest-  
ly ask that these suggestions be  
given careful consideration by the  
members of the Senate, as some  
of them are of great importance,  
or the significance of the Seal will  
be in a large measure lost.

Senator Baldwin from the Com-  
mittee on Commerce reported on  
the bill authorizing the manu-  
facture of alcohol from fruit.  
The committee say the bill is un-  
necessary, as a previous act covers  
the ground and gives the desired  
authority. On motion the report  
of the committee was adopted and  
the bill laid on the table.

Senator Holstein gave notice of  
a bill to amend the act authoriz-  
ing the manufacture of wine.

Senate Bill No. 15, providing  
for the recodification of the Civil  
Code and appropriating \$2500 for  
the expenses of a commission,  
came up on its third reading on  
the regular order of the day and  
passed unanimously.

Senate Bill No. 17, amending  
the Judiciary Act concerning  
Supreme Court Justices, passed  
the third reading unanimously.

Senate Bill No. 22, for the  
benefit of the Hilo Library Asso-  
ciation, was read by title the  
second time and referred to the  
Committee on Public Lands.

On motion of Senator McCand-  
less consideration of the new  
License Act was made the special  
order for tomorrow.

At 10:30 the Senate adjourned.

TWENTY-NINTH DAY, MARCH 26.

### HOUSE OF REPRESENTATIVES.

After the House got down to  
business this morning Minister  
King announced the signing by  
the President of the bill authoriz-  
ing the Minister of Interior to  
grant a certain class of leases.

Rep. Bond presented the report  
of the Health committee on a pe-  
tition from the lepers in Kalawao  
and Kalaupapa, embodying a  
number of requests.

The committee find that the  
leper settlement have been contin-  
uously supplied with the Goto  
remedies for a long period of time.  
They have been and are furnished

## IN THE HIGHER COURTS.

### CHINESE FOOT-BINDER WITH DRAWS APPEAL.

Along Case Being Heard—Secretary  
Giffard Amends His Answer—  
Trousseau Estate Hearing.

Judge Carter today began the  
hearing of the equity suit of Enma-  
line Magoon and others against  
Julia C. Afong and others for the  
appointment of a receiver. Hart-  
well, Thurston & Stanley and  
Robertson appear for plaintiffs,  
and Kinney and Edings for de-  
fendants. Mrs. Hutchinson was  
the only witness examined up till  
noon recess.

By consent of Judge Perry, in  
the suit of Rudolph Spreckels vs.  
W. M. Giffard, secretary of the  
Paauhau Plantation Company, the  
defendant has filed an amended  
answer. It states that Claus  
Spreckels gave defendant warning  
that he was the owner of the 500  
shares of stock in dispute, and  
had begun suit in California for  
their recovery before Rudolph  
Spreckels had pledged them to  
Allen & Lewis.

The Supreme Court was engaged  
this morning in hearing the  
exceptions from Judge Magoon  
in the case of Edma G. Trousseau  
vs. B. Cartwright and H. E. Mc-  
Intyre, executors of the late Dr.  
Trousseau. Hartwell, Thurston &  
Stanley for plaintiff; C. Brown  
and Dickey for defendant. E. P.  
Dole, attorney, is sitting in place  
of Justice Whiting, disqualified.

Yesterday, besides the Chinese  
theater case, the Court heard ex-  
ceptions from Judge Magoon in  
the debt case of C. B. Maile et al.  
vs. Chin Wo et al. Robertson for  
plaintiffs; Kinney and Ballou for  
defendants.

Leong Chin Kee has withdrawn  
his appeal from conviction of  
foot-binding. The appeal of Li  
Shai, from a similar conviction,  
was argued and submitted two  
days ago. Hartwell, Thurston &  
Stanley for appellant.

### TO PERS TO BE LICENSED.

A Curious Temperance Scheme on  
Foot in Iowa.

The new Des Moines idea of  
the liquor question is the most  
remarkable yet. There has been  
introduced into the General As-  
sembly of Iowa a bill which pro-  
vides that nobody shall procure a  
drink in any of the barrooms of  
the State unless he first pulls out  
and shows to the "barker" a  
license proclaiming him to be one  
of Iowa's alcohol consumers.

This project the temperance re-  
formers have sprung upon the Leg-  
islature, and the inspiration of it  
comes from a constituency rep-  
resented by a very strict prohibi-  
tionist, Senator Perrin. The  
makers of the bill say that if a  
man has to take out a license in  
order to drink in public he will  
think twice before he goes to the  
County Clerk's office on such a  
mission and puts up two good  
American dollars for it. They  
claim that this will not only  
enormously reduce habitual  
drunkenness, but that a lot of  
people who now drink occasion-  
ally and whenever they please  
will give up the habit because of  
the shame of being known as  
men who carry "jag licenses"

The bill provides that the li-  
cense shall be a legal-looking  
sheet of parchment with blue rib-  
bons and a green seal, and shall  
specify that such and such a per-  
son is hereby permitted to buy  
alcoholic liquors after showing  
the same at the place where he is  
to purchase, and that he shall  
have this privilege for twelve  
months from the calendar date.  
The license does not apply to the  
wholesale purchase of alcohol or  
wine, and is good only for  
drinks to be had across the bar in

the regular manner. It is not  
transferable.

The proposed law goes on to  
state that saloon-keepers shall not  
sell to any one without a license,  
and if they do the fine shall be  
\$10 and the costs of the suit.  
Another curious provision is that  
any relative over 14 or any friend  
may protest against the license  
being issued. This is intended  
evidently as a means of ruling  
out the "habituals."—New York  
Journal.

### THE HAWAIIAN CIRCUS.

Price and Burns Promise Patrons a  
Good Entertainment.

Price and Burns have got every-  
thing in order for their opening  
next Saturday and the public may  
feel assured that a fine perfor-  
mance will be given. The Hawa-  
ian horses are in perfect training,  
members of the company have all  
learned new tricks and feats of  
strength and agility entirely dif-  
ferent from those seen at the Wirth  
show.

A feature of the circus will be  
the orchestra of twenty-two pieces.  
On the opening night the Kawai-  
hau Quintette club will sing Ha-  
waiian airs and render a few in-  
strumental selections. The bright,  
new canvas, neat paraphernalia  
and handsome trappings all add  
to the attractiveness of the "Ha-  
waiian Circus" which is pretty  
sure of proving as successful an  
enterprise as the Wirth combina-  
tion.

### The Hughes Cane Car.

Mr. Hughes, master car builder  
of the O. R. & L. Co. has just com-  
pleted a cane car, an invention of  
his own, which will at once excite  
the interest of plantation people.  
This car, which has a capacity of  
four tons or more, can be unloa-  
ded in five seconds, by one man.  
The dumping apparatus is of ex-  
tremely simple construction and  
at the same time efficient in every  
respect.

The car is built on scientific  
principles and is economical, and  
especially durable. The side  
stakes and ends cannot flare or  
become loosened so as to leave  
their original position. The ends  
are so bolted on as to prevent  
racking and undue strain, while  
the stakes are set in a patent socket  
which obviates all possibility of  
sagging. In case of breakage any  
part will be furnished on appli-  
cation.

The car is perfectly adaptable  
for all plantation purposes, and  
can be constructed for any gauge  
track up to five tons capacity.

### Handsome Household Furniture.

A. S. Willis, United States  
Minister, Mr. W. S. Luce, auc-  
tioneer, is authorized to dispose

a. m., at Mr. Willis' residence,  
King street, on account of tem-  
porary departure, his household

parlor chairs, tables, mirrors, etc.;  
fine hall furniture; chairs, mirrors,  
etc.; beautiful bedroom sets of  
birdseye maple and imitation bam-  
boo.

All new, handsome and original.  
A large folding desk; carved oak  
extension dining table and chairs  
to match. Also one nearly new  
Studebaker surry and harness.  
Goods on view only on the morn-  
ing of the sale.

### At the Christian Church.

The character sketch of Jacob  
delivered by Rev. Romig at the  
Christian church last night was  
an intellectual feast. He puts  
Jacob in the category of the great  
worthies of the Old Testament,  
notwithstanding his weakness for  
self aggrandizement shown in his  
avaricious dealings with his  
brother. He was willing after-  
ward to make reparation and  
restoration so far as he could, and  
no man's repentance amounts to  
anything until he reaches the  
point where he is willing to do  
that; until then his repentance is  
empty and not worthy the name.  
Restitution is the test of true  
repentance.

### South Carolina's Liquor Sales.

The State of South Carolina  
sold last year, through its dispens-  
ary, \$920,662.02 worth of liquor,  
on which the net profit was \$159,-  
039.62. The sales of the sub-dis-  
pensaries amounted to \$1,076,863,-  
65, which cost the counties \$875,-  
580.20, making their gross profit  
\$201,383.44. There are now eighty-  
four sub-dispensaries in the State.

Ewa plantation turned out one  
hundred and fifteen tons of sugar  
yesterday, the largest day's run  
since the inauguration of the new  
mill. Mr. Murdock, bookkeeper  
of Ewa, reports that the yield  
from each field in the plantation  
has turned out more heavily than  
expected.
